## City of Aberdeen The Good Neighbors Revolving Loan Fund

*A Facade Improvement Program  
“Let us make you an offer you  
can’t refuse!”*

*If you own a business and/or  
property and have been thinking  
about making exterior  
improvements to your building  
or lot, you should consider the  
City of Aberdeen’s Good  
Neighbor’s Revolving Loan  
Fund.*

The City of Aberdeen is providing to qualified borrowers, low-interest loans to encourage exterior improvements to commercial properties in certain areas of Aberdeen. Those areas are outlined in red on the map located on the interior of the application.

### “How good of an offer is it?”

Qualified applicants can borrow up to \$5,000 per city lot at an interest rate of 2% . The loan payback period may be allowed for up to three years.

### “What can you do with the money?”

Upon approval by the Good Neighbor’s Revolving Loan Fund Committee, loan funds can be used for nearly any improvements that will improve the exterior of a building or lot. Allowed improvements include:

- Exterior painting
- Repair/replacement of original building ornamentation
- Masonry cleaning or repair
- Purchase of awnings
- Landscaping
- Repair/replacement of signs
- Sidewalk repair

Improvements are not tied to any design scheme or guidelines other than they must show a visual improvement to the exterior of the property. Our only goal is to make our town look tidy and clean!

### “How can I get a loan?”

The process is relatively quick and simple. First of all, your business or property must fall within the target area shown on the map on the next page. Second, you need to prove your credit worthiness through the application and credit check. A \$25 application fee is collected to cover the cost. The third step is for the loan committee to evaluate your request. Once approved, the funds are disbursed after the loan closing paperwork is completed and the invoice(s) from the contractor is received.

### “Where can I apply?”

More information and paperwork regarding the loan program can be obtained from the Planning & Development Department on the second floor of City Hall or by calling 537-3238.
